

About Us

Transforming Organizations with Talent and Technology

TECKpert connects private and public sector organizations with the tech talent, services, and technologies needed to address modern challenges and drive secure operational efficiency. Our expertise spans IT staff augmentation, software modernization, and digital transformation, providing agencies with the tools to enhance their capabilities, secure critical infrastructure, and achieve mission-critical objectives. By integrating innovative technologies around AI, we help organizations modernize workflows, improve efficiency, and secure their infrastructure and applications while navigating the complexities of today's digital landscape.

Quick Facts

Year Founded: 2009 | Main Office: Palmetto Bay, FL | Talent Network: 3,500+ | SBA 8(a) Certified

Core Capabilities

Our range of capabilities are designed to drive innovation and meet the evolving needs of our clients. Recent Achievements

Staffing State IT: Successfully delivering IT Staff Augmentation services across multiple contracts for state and local agencies in Florida, with a combined contract ceiling exceeding \$300 million.

Transforming Local Government: Led the assessment and implementation of projects driving Digital Transformation for two Florida municipalities.

Supported Fintech Startup: Provided a full-cycle engineering team and project management, delivering a modern investment platform on AWS.

Award-Winning Legal Mobile App: Built using React Native, Cordova, and AWS, enhancing client engagement for a top U.S. law firm.

Expanded Healthcare Group: Enabled a South Florida healthcare group to grow from 2 to 20+ clinics through comprehensive digital strategy and execution.

Developed Multi-Platform App for CRE Company: Utilized PHP, AngularJS, AWS, and iOS to build and scale the application.

Modernized Core Banking Systems: Improved customer experience for a regional bank using .NET, Azure, Jack Henry API, and SQL Server.

Why TECKpert

TECKpert stands apart with over 16 years of experience delivering impactful technology services to public and private sector clients. Our approach is grounded in deep expertise, trusted partnerships, and a strong commitment to talent excellence and continuous innovation.

- **Proven Customer Retention:** Many of our clients have stayed with us for over 10 years—a testament to our reliability, adaptability, and value.
- **Robust Talent Network:** We maintain a vetted, U.S.-based network of over 3,500 professionals across disciplines including software engineering, cybersecurity, project management, cloud, and UI/UX.
- **Public + Private Sector Agility:** Our work with state agencies, municipalities, federal entities, and private enterprises gives us the ability to apply best practices across industries.
- **Software Modernization & Integration:** With over 16 years of experience, we build, modernize, and integrate complex software systems—migrating legacy platforms, enabling API-driven interoperability, and delivering scalable cloud-native applications through agile development practices.
- **Rapid Deployment:** We place cleared and credentialed personnel fast—often within days—thanks to our talent pipeline and rigorous validation process.
- **WordPress VIP Partner:** We're one of the select few partners serving the public sector on the FedRAMP-authorized WordPress VIP platform.
- **SBA 8(a) Certified:** As a minority-owned small business with SBA 8(a) certification and a GSA Schedule, we are a nimble, accountable, and mission-ready vendor.
- **AI-Driven Innovation:** Our proprietary platform, QuantumRecruit, leverages AI to match talent with precision and detect manipulated or AI-generated resumes—setting a new standard in technical hiring.

Thought Leadership

TECKpert is a recognized voice in the technology and workforce sectors. The company regularly publishes white papers, articles, and guides on topics ranging from AI-enhanced recruitment to secure government web platforms. TECKpert leadership frequently contributes to public panels, industry events, and academic discussions on the future of work and digital transformation. Most notably, CEO Adrian Esquivel is the author of “The Future of the Workforce is Now,” a widely read guide for navigating today’s shifting employment and technology landscape.

Leadership

Adrian Esquivel, CEO

Adrian is the CEO and Founder of TECKpert. With over two decades of experience in software engineering, digital transformation, and workforce innovation, he began his career developing defense technology and commercializing research through public-private partnerships. Adrian has led TECKpert since 2009, growing it into a recognized firm in Florida with over 30 industry awards. He is the author of the book 'The Future of the Workforce is Now' and a thought leader on topics such as AI in hiring, contingent workforce models, and secure digital government infrastructure.

Karen Jones

Karen is the Director of Government Sales at TECKpert. She has over two decades of experience leading government and enterprise sales across technology and staffing sectors. Karen has held senior executive roles in national firms, contributed to diversity and mentorship programs, and has been honored as one of the Top 50 Women-Owned Businesses to Follow.

Her leadership in supplier diversity and contract strategy has been pivotal in establishing TECKpert's private and public sector footprint.

Community Service

At TECKpert, we are deeply committed to giving back to the community through a variety of impactful initiatives. Our focus on empowering underrepresented groups includes mentoring minority students and young professionals, particularly in STEM fields. Through internships at TECKpert and partnerships with academic institutions like Florida International University (FIU) and local nonprofit organizations, our employees actively mentor students, fostering careers in technology and entrepreneurship.
